- 1) Just emailed draft scripts of endorsements to Katelyn and you for recordings tomorrow.
- 2) Also, just texted Eric to see if he could check if June might meet Wednesday afternoon and he could meet Thursday morning - told him tentative at this point - just checking on availability.
- 3) Will send list of Keys (titles and topics) to you by no later than Monday noon.

You really did a great job today!

What Melissa emailed:

Mike Lindell has an incredible story of redemption from his serious battle with crack addiction. And soon, he will help millions of addicts find recovery and freedom through his amazing new platform, the Lindell Recovery Network. The LRN will be the most incredible online platform ever! This innovative resource will provide help, hope, and heart restoration to addicts everywhere: including access to 100,000 vetted churches, thousands of faith-based treatment centers in all fifty states, inspirational podcasts, Biblical counseling materials, and other life-changing resources. The revolutionary approach is the first of its kind: a resource just for the addict where they can browse thousands of video testimonials ('hope stories'), find inspiration through others' stories, and then choose the pathway forward that works best for them.

The Lindell Recovery Network will end the revolving door of traditional treatment centers that don't offer the heart restoration needed to experience lasting change. Mike Lindell beat his 25 year drug addiction through the power of prayer, and he wants others to find the same freedom. With God, all things are possible!

Just checking to see if you received a text with 2 art drafts for the cover of the LRN Keys from Steve at June Hunts - and what you think of them.

Also, to remind you about writing that forward/introduction to the LRN counseling "Handbook" - I received a note from Eric late yesterday that they have their editor lined up and he will get the book together when we approve the chapter list and get your introduction done. I think Shannon printed that chapter list off for you, should be in your papers.

02:39:59 pm

Had good phone call with Steve (June's art guy) and he is going to work up a couple of other draft covers for the Keys for us to look at.

06:09:59 pm

Device owner

Might be hard to explain in a text but the reason I ask is that I love the verbiage. And the image of the keys.

My thought though is that it says Hope is the ANCHOR for your soul so I think maybe and anchor would make more sense visually.

I love the keys and if it is a series I think it should go on the back on the darker blue part where it says "Keys for Living Library"

I think the clouds one is too plain.

This proposal came from Patty McMurray, the women for Trump Leader we met in Michigan at the rally. She is asking me if you can \$ sponsor their bus tour. I think you declined before, and I assumed your answer is still "no", but I want to check with you before answering. Some good news on the call, they just had a Farmers for Trump event with 400 showing up in a small town. Good things are happening in Michigan.

Mike,
My view on the art for latest two book covers from Steve is much better. I would take the red underline from the "mountain" cover and move it to the "keys" cover and go with that. Perhaps we use the "Keys" cover for the keys and then the "Mountain" theme for the Counseling Handbook. Of course, it's your call.

OKAY-sounds good!

03:37:42 am

Mike,

I just got off conference call with leadership team for The Return. Kevin Jessip asked me to lead the call in prayer and I also told them you were excited about the event, speaking there, and that you are promoting The Return as you speak everywhere.

I am ready to talk with any time today about the Keys and other matters.

Two \$ Money Questions to think about:

1) My annual membership for CNP (Council for National Policy) are due. There are three possible levels-

Gold Circle \$15,000

Board of Governors \$5,000

Regular \$2,500

You were generous last year when you hired me to pay for Gold Circle which puts me with prospective donors. I have thought because of the crazy virus economy you might not be able to do it this year, or we could down grade to lower level. I hope you can do it again, but understand if you decline. They also want you to join, even if you don't come to all meetings. Next two meetings are in DC and they think the President will come to one of them. If and when you come, Bob McKewen says you will get VIP treatment and access to all speakers.

2) My daughter Eva sent an invoice for \$500 her LRN art drafts, even though we didn't use them. I am sorry that didn't work out for LRN, but support your decision. Can I submit that invoice for payment? If not, I understand.

Thanks for considering.

We have two URGENT requests:

1) June Hunt called me last night. She wants 2 of your books and 5 vials of Oleandrin. She and her assistant are rewriting her "gambling" material and want to use some of your story from the book. The medicine is needed for a pastor friend and his wife who have COVID (Gene Goetz-he is well known in Dallas). June also wanted a couple of vials for herself and employees. Send to books and vials to:

June Hunt
6925 Edelweiss Circle
Dallas, TX 75240

2) Pastor Satish Kumar in India pastors the largest Christian Church in the world - 300,000 attending! We are friends. Two of his family have COVID symptoms. His Florida friend is flying to India Friday and can deliver to him. I recommend 5 vials, which we would need to send overnight today to get to this address before Friday:

Ravi Kumar Ravi
10549 Demilo Pl Apt#208
Orlando, FL 32836

I can pay for these and postage. Thanks for considering.

Dr. JIM LEININGER - no phone answer. I left detailed phone message and separate text message after that (to both Dr. Jim and Cecelia's cell #'s)

LEE ROY & TANDY MITCHELL - I do not have a good phone number but wrote a detailed email.

On all of these messages, I told them about the exciting launch of LRN at The Return next week and your desire to speak with them tonight or tomorrow, asked them to call me or text back.

I expect some response and will let you know as soon as I hear anything.

Mike,

I have been watching the live stream for hours, I have knelt to pray, I have stood lifting my hands to pray. Because the President will announce his Supreme Court nominee today, this meeting is going to get unusual media attention. Of all the speakers, you have the highest profile and I think the world and the media will note what you say. So trust God and make much of Jesus! I am praying that it will be the Holy Spirit that speaks thru you - I believe He will! God has given you this platform, so GO FOR IT!

You rang the bell for Jesus and that is what God will honor! Your testimony was clear and came across with conviction. I loved the idea that we prepare a "runway" for God with repentance and prayer - and the scripture from Joel! You are becoming a preacher. I missed being there but God has blessed me here to pray with and for the cause.

THURSDAY OPPORTUNITY!

Ralph Reed (Faith and Freedom Coalition) called me and asked if you could pick up South Dakota Governor Krist Noem on your plane this Thursday around noon in Wisconsin and fly her to Atlanta where both you and her would speak at his "Road to Majority" rally in Atlanta that evening, and then fly her back to Des Moines afterward. He is having a hard time with her schedule. Other speakers for the 3 days include: VP Pence, Judge Jeanine, Senator James Langford, Senator Tom Cotton, Nicky Haley, Senator David Perdue - President Trump spoke last year. He said you could promote what you want, play a video too, we could highlight LRN. Are you interested?

Had good visit with Eric at June Hunt's today. He is going to send a draft soon of the LRN counselor's handbook for counseling.

Also, Nancy Hansen called me. She talked with you at a table at Ziklag (she said you talked about how unfair Anderson Cooper was to you). She is helping the pro Trump ladies group called Women Fighting for America. This is a bus tour but different than the other group you already said "no" to. Her foundation has \$100,000 committed for matching funds and she wanted me to see if you would be interested in that match. I told her you had already spent a lot recently on events and causes but that I would forward it on to you. I just sent you an email with a link to their video and a PDF of their work. I will happy to tell them "yes" or "no" for you. Whatever you decide we should answer Nancy, as her foundation could help us later with LRN.

Here is another \$ prospect tomorrow for an LRN donor/friend. Brad Birkenfeld is the top "whistleblower" of all time - bringing back \$25 Billion to the USA from Swiss banks. The IRS initially paid him over \$100 million in reward money. He is mentioned near end of this recent Forbes article. The last time he was in DC he showed me a new check his attorney gave him for an additional \$10 million - they keep paying him additional rewards. He wants to meet you, he is staying at the Trump, just released his updated book with a chapter on Hunter Biden (it has a few F-bombs in it, I am working on him, he went to church with me last week!). Senator Johnson's (from Wisconsin) investigation committee interviewed him for 2 hours last week about Hunter Biden. Brad wants to give you a copy of the new book. I told him you might be able to briefly meet for 15 minutes before or after your 1 pm with Charles Herbster. He would like to meet Herbster too, but I DO NOT think he should join the 1 pm - only meet you before or after the lunch. You need your time alone with Herbster. ELK HUNT UPDATE:

I left two new phone messages for Dr. Jim Lejnnger right after we talked tonight, one on his cell and another on his land line at the hunting lodge. These are in addition to text messages to both him and his wife Cecelia yesterday. No answer yet. Will report when I hear something.

04:52:31 am

https://en.wikipedia.org/wiki/Hyderabad_Pharma_City

Mike,
I have just talked again to India.

My contact in India is Dr. Satish Kumar, pastor of Calvary Temple, Hyderabad. He built the church from 25 to over 300,000 in 15 years...2nd largest church in the world. He is the real deal, I can personally vouch for him, amazing operator. His top business man got me through all airport security with no stops or checks, has over 5000 employees. They can get us through any COVID quarantine with pass or exception by government, and fast track visas.

He can 100% guarantee a meeting with the Minister of Health for that state (Telangana). He is a personal friend of the pastor. Hyderabad is the top medical city in India...huge industry. We could ask his center to run the trials needed for their country. See attached wiki info.

We should arrive on a Saturday to strategize with our India contacts to plan government meetings, then with that State Minister of Health on Saturday/Sunday (weekend is better for him-he will come to us) and then you give testimony/preach to 20,000 plus at least once on Sunday.

We have a private jet to take us Monday to Delhi (national capital) to meet with Minister of Health for all India. Satish can also 100% guarantee this meeting in Delhi, and good potential to also meet the prime minister, Modi.

I think you, Andrew, me, and my brother Jay (who has operated for years in India) should do this. Jay and I could assist you and Andrew however needed.

If they can do trials and approve drug for sale in India we could start selling to over 1 billion people there. That would help you meet your contract obligation, make money, pressure USA to get moving, and save lives.

I think this is a divine appointment. I have met many leaders through NRB and politics and assure you this pastor is at the top, like you, he can get it done. I can send you some video links if you want to see his operations.

If you want to take next step, pick any time table for travel in next few weeks and I can put together a more detailed proposal/itinerary before you pull trigger with final decision.

If flying commercial, pick any date window leaving Thursday night and returning on next Tuesday or Wednesday.

Let me know if you want me to talk with Andrew about it.

Jerry

Heads up: You may get a call from the attorney Lin Wood, if you haven't already. I just talked to Doug Anderson who was talking to Lin about starting a \$1 Million Whistle Blower award for anyone who comes forward with hard evidence of fraud from Dominion or any other voting software. Doug asked me if you would be interested and I said you already know Lin Wood and that Lin could call you directly (not me) to make the pitch for that kind of money (you would have lots of questions about what is legal, how it would work,...Lin would know those answers, not me). For what it's worth, I think the voting numbers are evidence of fraud, but the Trump campaign needs more than numbers, they need hard evidence from someone one on the inside...someone who did this or helped do it. A reward might work in getting someone to come forward. The President's attorneys are burning through a lot of money right now, maybe they should use some for this approach. Maria Bartiromo of FOX told Doug she would broadcast reward offered if money is raised. You have already done so much to help the President, plenty that I don't even know about. I don't know enough to advise on this, just giving you a heads up - you MIGHT get a call from Lin Wood. If so, nice to know in advance.

Circling back on the Dallas Council for Life Men's Breakfast, scheduled for Feb 22. I checked back with them and they said you do NOT need to give a pro life message (you could just mention you are pro life and loved being in the movie). Instead, they want you to tell your story - which could lead to telling them all about LRN. This would allow us to come back and work the list for potential donors (the Troutts and others will be there - I am told it is the most significant gathering of 300 conservative men of wealth in Dallas. They also willing to look at other dates or lunch instead of breakfast if you need to, but we should answer soon. National Prayer will be virtual this year - no conflict. Your thoughts?

11:13:04 pm

'Just to encourage you and keep you in the loop, Mike. Peter Schweizer who wrote the expose' book "Clinton Cash" sent this letter in support of Brad two days ago and talked to the White House. The person he talked to said Brad is on "a list." Also Bob McEwen, head of CNP, went there today and talked to the pardon guy for 20 minutes about Brad and they said we have his file and "know everything you have told us, Brad's supporters have done a good job on this." The point is, the President's team has all the info, all you will need to do is mention the name to POTUS, that he brought back \$25 Billion, and it will remind people of Clinton and swamp corruption. The President's team will have the info. I know you are trying, and I am very grateful. 'Just want you to know others have "teed up" the information, but you will probably be the one to make the difference just by mentioning Brad Birkenfeld's name to POTUS. Thanks.

Mike,
Again, I really appreciate what you have been doing to help the country and the President. No one has worked harder for the cause.

This evening I emailed to you a brief "draft" letter to the President about Brad Birkenfeld's pardon. Of course you can edit it any way you want to. We have been told by the pardon office that Brad is on the "A" list but also they said a letter from you would really help. I hope you can sign it but if you don't, I totally understand and you don't have to explain to me. You have been dealing with so much. I trust your feel for the big picture either way.

Call me tonight. Huge pillow sale opportunity!
03:13:09 am

Barry Meguiar, the car wax guy, call me tonight. His pastor is Jack Hibbs, mega church pastor of Calvary Chapel Chino Hills, CA. Pastor Hibbs saw on TV national guard soldiers in DC sleeping on floor, he wants to buy pillows for them from you. There are 6,000 soldiers here now, at least 10,000 expected. They want to know if we would want to do a deal.

03:35:29 am

Just talked to Meguiar, he says huge thanks to you! Pastor Jack Hibbs said no problem getting \$100K to you tomorrow for 10,000 pillows. But Meguiar is working to find out exactly how many pillows actually needed and how to get them delivered once they are in town. He has Paula White asking Ivanka and Don Jr. tomorrow morning about both questions and we should have an answer then. I will report as soon as I hear back tomorrow.

Here's a good opportunity! Car Wax guy Barry Meguiar lives 20 minutes from church you are speaking at in Scottsdale Arizona on Wednesday Feb 3. He has just moved there and build a luxurious "compound" for his home and ministry. He wants you to stay that night at his place, they have a separate new "house" for VIP guests and he wants to film you for his TV show the next morning (studio is at the compound). The interview is not about politics, but about being a businessman who shares Jesus - which will be a great way to talk about LRN. His neighbor and friend is Mike Ingram, who is a very wealthy donor to Charlie Kirk's Turning Point. I hope your schedule will allow, both of these guys could do a lot to help with LRN.

Big Question:

Do you still want ORW and all June Hunt "Keys" only behind paywall behind Door #3 - which they pay for?

If so, my suggestion is we allow them to view "Introduction" to OTW for free and one June Hunt "Key" for free as samples so they can see the kind of stuff they would pay for behind Door 3.

03:39:40 pm

Update:

I emailed your 5 priorities to Kern and Melissa (copied you).

Just talked with them both on phone and asked Kern to tell me when he could deliver on each point.

Kern says he can finish first three today:

#1 set up access code after watching video Melissa picked

#2 Operation Restore Warrior videos up and only viewed in order, for free

#3 all "Keys" up and viewable for free

He agreed to call or text me as each one is done and I will check website to confirm and then report back to you.

Kern says he can finish #4 next week - Hope Match - age and addiction

Kern says he can have #5 Store for products up in 30 days with feature or "how you are feeling today" match with suggested products

I will update later today on progress with #1-3

04:37:30 pm

mlcloud@mypillow.com

I then pressed Kern and Franz to give a revised schedule and they asked for an hour and came back with this schedule above. I am disappointed and told him you would be too. I told him media attention is driving people to the site and we need solutions soon. He told me he hired a new team at his own expense to rush one of these projects. Kern, Melissa, and I are all ready for group call on Sunday at 3 pm Central.

I have been looking at the LRN website as you asked me to. When you use an iPhone (which is how most people will see it) the first "what I didn't like" video looks like it is the only one. If you swipe left you see more, but it is not obvious there are more until you do it. I asked Kern if he could put a text under or above that says "swipe left for more videos" or something like that.

I called Paul and told him Kern would have a fix soon on blocking people from watching out of order, but for now a message from you will be there saying "they must watch the videos in sequence" to get the benefit of the sessions. Paul is still not happy about it, feels it compromises his program, just letting you know.

The Republican Women's Federal Forum wants you to speak to them, to tell your story and experience with "cancel culture." The group is made up of congressional wives and women activists. Mark Meadows wife, Senator Grassley's wife, and Attorney Cleta Mitchell are active members...the group goes all the way back to President Eisenhower.

They propose 2 possible dates:

March 11 by ZOOM (virtual)

OR

May 13 Live in DC

Nancy Schultz sent the invitation to me, she is the one who set up the big outdoor dinner at VP Pence's House that time you went there with the Council for National Policy.

I advise you to do one of these dates if possible. Do you want to consider and have me to check with Katelyn on these dates?

Just watched "Absolute Proof" and want to say you have done a great service to our nation. The Michigan county story is absolutely convincing, especially when linked to the proof that Dominion machines were connected to the internet (that Dominion testing video is great and the Dominion manual showing how to hook up an internet connection). Getting General McInerney was a strong finish, he is an old FOX news contributor.

I have forwarded the video to family and friends. By the way, I first found it on Gateway Pundit but the signal was weak and out of sync (high volume probably). Charisma has a link to your michaeljindell website and that video played great. Very proud of what you have done. You have sacrificed much for the cause. God sees your effort and the result - and so do his people. Thank you Mike!

I have secured two speaking slots at Council for National Policy (CNP):

1) A 3 minute report on Saturday (March 7) where I could promote LRN or Absolute Proof or a little of both, they will put website images and addresses on the screen.

QUESTION: Do you want me to cover both?

QUESTION: Do you want me to see if I can rent a room for us to show the 30 minute version of Absolute Proof later that day? If so, I could promote that showing in the report time and get people to come. Probable cost \$2-4,000 for room and video.

2) I am also Emcee of CNP Worship Service on Sunday (March 7), where I can weave mentions of both LRN and Absolute Proof into the program or prayer time.

At Council for National Policy tonight, people are supportive of you, asking about you, and praying for you.

I speak twice, Saturday and Sunday. Planning to get them to go to website to view "Absolute Truth" and Lindell Recovery Network - I will talk about highlights from both and give out exact website addresses for both.

Mike, just had an idea that you could enhance the LindellTV.com website with some print content somewhere on the site, linking to articles about election fraud, like the one above. I can find others. Having some articles will buttress your case to the public and also strengthen your legal case that your claims are based in factual reporting, acknowledged by other media sources.

mlicloud@mypillow.com

06:20:21 pm

I can execute this, with quick guidance from you.

Who on your staff is running the LindellTV.org website, or who should I send the articles links to?

Do you want to personally vet the articles before they are posted? Or I can vet them, deciding the easy ones, but will commit to bring any borderline cases to you.

This "articles" part of website could have button or banner titled:

"Articles about Election Fraud"

or

"Articles about Election Problems"

or

"Articles about Election"

I have drafted a "Lindell Legal Offense Fund" page and will send to Sarah tomorrow for a proofread before we send to you for consideration.

Tomorrow I will also send to you some proposed dates and towns for fundraisers for the cause.

I did not tell you yet, but last week I spoke at CNP to about 250 leaders on "Absolute Proof" and urged them to look at the website for LindellTV.com and they put it up on the screen. There was a lot of talk about it and those leaders are interested and supportive.

This is mega host and donor in Dallas, Lisa TROUTT. She visited with you at the Dallas home where you and I spoke at for The Return. She regularly hosts conservative and Christian leaders at her home. At last night's event, Eric Metaxas was the speaker and he gave her a Mike Lindell bobble head! I think she would host a Lindell Legal Offense fund event (or an LRN event) for us.

Good news, just got this text from Lisa Troutt in Dallas about hosting the "Lindell Legal Offense Fund" event for you:

"Hi Jerry— I would be very interested in hosting an event! Call anytime!"

I put a call in to her, left a message. Expect a return call soon.

08:41:05 pm

Need a decision.

Troutts have offered three date choices in Dallas:

April 13

April 14 (Kendra's birthday)

April 19-23

Katelyn says Kendra asked to block off April 13-14 for birthday - I would recommend definitely NOT doing the event on the 14th. Maybe 13th, and only with Kendra's blessing!

Or we could wait until 19-23, pick a date.

Just talked to Barry Meguiar (car wax guy) about Scottsdale tonight and he is working on it. One key player is Mike Ingram, could be a huge supporter. But I just got this text from Barry a few minutes ago:

"I spoke w Mike Ingram tonight. He's upset people are trying to recall 3 Maricopa County Supervisors that are Trump Supporters.

He's been told Mike Lindell is funding it.

Can you confirm that this is not true for me so I can settle Mike Ingram down."

Do you know anything about this?

04:01:05 am

I talked to Barry Meguiar, he will tell Mike Ingram, all should be well.

He said Ingram is a huge Trump supporter, that he is going to Mar a Lago this weekend, and that if you are going you and he should meet up.

Meguiar is going to call me back today with an answer/plan about hosting a Lindell Legal Offense Fund event in Scottsdale. I will report back to you on that.

03:45:16 pm

Barry Meguiar wants to do the event in Scottsdale but wants Mike Ingram to be on board with him (Ingram is a key to the movement and \$ there). Barry thinks all will be good but wants to know if you are in/going to Mar a Lago for an event this week. If so, Ingram is there and you and Ingram could connect for a minute.

Thanks for talking to Barry Meguiar last night. He has talked to Mike Ingram, all is well. They both want to host you at Barry's house in Scottsdale. Ingram and Meguiar will not both be there until beginning of May or we would do sooner. May 5th seems best. The 6th or 7th would also work for them but I checked with Katelyn and you have to be back for a charity factory tour in the morning do the 7th).

So, can I confirm with Barry for May 5?

They have the influence and the big \$. We could do that at 3 pm in Scottsdale, perhaps at Mike Ingram's business to see his operation - it is huge. I think you and he will hit it off. Then we go to 6:30 event. Are you OK with me setting up the pre meeting at around 3 pm?

184 RSVP's now for Dallas! Had a good phone conversation with the host Lisa Troutt. She predicts 250. All is well. They will have a big screen to project images we want put up. Shall I ask Todd to create screen images?

I thought of 5 images that might follow your speech:

- 1) What Are the Odds? Book
- 2) LRN
- 3) Frank
- 4) LindellTV
- 5) Lindell Legal Offense Fund

This would allow you to start with your life story, and move to addiction, business, salvation, LRN, political involvement (which triggered Frank, LindellTV, Lindell Legal Offense Fund). That sets us up to make an appeal with strong finish.

I can make the direct \$ ask when you are done if you like.

Thinking about your call. Too late for Dallas, but for Meguiar event in Scottsdale maybe we ask Barry and Mike Ingram to add a message "This invitation is not transferable" to their email or text. That will keep folks from passing it around.

I do not think Barry will throw such a wide invitation net as Lisa Troutt. Barry's maximum comfort zone was about 70, and I think it will be lower numbers (40 ish), but higher end donors on average. Although Dallas will have some big prospects, but mixed with mid and smaller level.

I have updated the RSVP list daily and have been sending to her. I will talk to Lisa Troutt tomorrow and go over a process of "checking people in" Thursday night. She and I can also go over the list in advance for red flags or people we don't know.

01:24:09 am

To be clear, Lisa Troutt has been sending out most of the invitations to her contacts and asking the people to RSVP to my email. That is why I am compiling the list.

I have also invited some big fish:

June Hunt, Ken Eldred, Leroy and Tandy Mitchell (who couldn't come but sent a similar couple in their place) and others. One oil man asked me tonight "if there are sponsorship levels" so I think most know this is a fundraiser.

I know you are focused on Frank. But I want you to know I talked to Mequiar about him and Mike Ingram in Scottsdale - how to avoid the Dallas numbers and that we want them only inviting donor prospects and KEY leaders. I also stressed twice that they should tell invitees that the invitation is non transferable and to get permission to invite others first, before extending an invitation.

Update, just talked to Troutts.

- 1) We have 305 now and plan to cap at 325. We need 325-350 books.
- 2) I have talked to your advance security man (Phil) and he is now in touch with the Troutts on an advance visit and look at their place and meeting their security folks.
- 3) The Troutts would like you to arrive at 5:30 pm Thursday to visit, event starts at 6:30 pm. If you want to come to Dallas Wednesday let me know and I can be available to help you if needed. If you don't arrive until Thursday that's OK, since you are not expected until 5:30 that evening.
- 4) Todd and I are working on screen slides for your speech.
- 5) I am working on handout about Lindell Legal Offense Fund, based on what I drafted, with Sarah's help.

'Just finished watching Live Stream and your finish. Amazing that you pulled it off - don't let the glitches, bumps, attacks or pranks get you down - when Fox News began it was rough with many glitches. You can build on this beginning! Several of the RSVPs for Dallas event have been commenting in emails about the live stream and are excited about coming out to "support the patriot!" See you Thursday (or Wednesday) in Dallas!

Here is her message to me:

"Thanks for everything Jerry, it was a very special evening. I've received many texts; people were so encouraged and they feel more hopeful! Mike was so generous to give his book and video; who knows the ripple effects....400 people heard his message of God's miracles, the power of Jesus to rescue and redeem and now have this video with proof of election fraud. Very powerful!"

Mike I'm still getting calls and texts about how incredible Thursday night was —not only did you give some hope and encouragement for our country, you gave people hope of recovering from addiction and hope in the gospel! It was a very important gathering and you can count on us to partner with you in your efforts. I wanted to make an immediate donation Thursday night but you can count on us for a lot more as well. It was great meeting Kendra and I really have loved working with Jerry and you have a great staff. You were so generous to give away your signed book as well as the DVD! God bless you and protect you! 🙏

Some options/ideas to follow up with Troutts:

1) you go visit them in person, ask for \$1M, for some specific project with the election work. Even though we said it was a general fund, donors at this level want to know, if we can think of something attractive.

2) I go in your place, if you can't go, and do the same. You and I agree in advance on the proposal, maybe we get you on phone while I am with them.

For either of these we should go next week or certainly before May 5 in Arizona (maybe go May 4th on the way), - it would be great to mention a big donation from Dallas at that meeting.

3) we could just thank her for the promise and send her the wire info and wait for her to do something, but I think we need a personal interaction.

Two questions:

1) do you want me to go Monday-Tuesday (either alone or with you) by Dallas on my way out to Arizona to see Lisa Troutt, Ken Eldred, June Hunt and show them the project list with costs and ask for a gift?

2) the catering bill for Arizona is about \$10,600 for 75 people. I thought Meguiar's would cover but I got the bill today and talking to Barry, I clearly sense that they thought we were doing that. It comes out to about \$140 a person, but it includes food, servers, equipment, tables, chairs...20% service charge...everything. It is a specialty VIP outfit. Shall I send to Shannon for payment?

These pictures are Barry's new VIP guest house "Casita", bedroom, bathroom, and kitchen. He said you can leave as early as you want. Kendra's room in the house is isolated too, so you won't disturb anyone if you leave early. Still your call if you want to go to hotel, but it will work if you want to stay there. They have arranged for me to stay at Mike Ingram's next door. Either way, I think they want to know our plan tonight if possible.

If you can call, I need 10 minutes at some point this morning or you can text answers. We have a couple of decisions to make:

1) Good News/Need - We have a huge response! When Mike Ingram (the co sponsor) looked at the list of RSVPs he was impressed by the number of heavy hitters coming. But we have had to move outside events center to larger space that requires lights and sound system. Cost is \$10,000. If we want video of your speech, another \$1,500. Do you authorize that?

2) Bad News - I take total responsibility because you asked me specifically about this. Barry Meguiar does not want us to use the word "fundraiser." When he applied to the city for an event permit, he said he wrote that it was NOT a fundraiser and he told some invitees it was not a fundraiser. Barry is OK if we say "people have asked how to support the effort and so we started the Lindell Legal Offense Fund" and we could use their support, and you and I want to talk to them after event is over, and we have info sheet at back table showing how they can give (I will have those sheets with right info). Barry said he will tell people from microphone they should support what you are doing. He said I could do the closing as before, but just tell them to see us afterwards and see the info sheet. I am frustrated about this but don't know what else to do. Barry and I have a different memory about what he and I originally discussed about this event. I was tempted to argue with Barry about this but feel we should trust God and honor the host, who is our friend.

Mike,
Bob Semple was at the Arizona fundraiser but needs to give his gift to a 501(c)3. He is going to give it to Rescue Mission ministries he supports and have them buy pillows, which will support your business. He wants to donate \$25K to \$35K. I realize that really does not help the legal fund, but it's not nothing either. It's a good pillow sale. I forwarded the email to you if you want to see it.

Who should I talk to at MyPillow to arrange these orders?

Just watch "9-0" - the best yet - each one is better than the last! I am texting it to family, friends, and CNP leaders.

Kurt and I just spent over 2 hours on conference call with 18 others about election fraud and Trump, he represented you well. The Michigan folks gave you a big shout out for your rally there today!

Also, I just watched the Michigan rally on Frank and your speech was fantastic! Liked the way you got LRN website mentioned twice! And again, I love "Absolutely 9-0"; it's really well done and compelling.

Patrick Colbeck speech at rally was good too.

Congrats on a great rally Saturday! I watched on Lindell TV, your speech was rousing - Diamond and Silk were hilarious and also prophetic. Last night I went to a party at Tony Lo Bianco's and every was talking about the rally - some saw it on OAN. The White House Correspondent for OAN (Chanel Rion) was there and said she loves what you do and to keep up "the good fight!"

This article is a "win" for you - even though they think they are refuting you, they are allowing you to repeat your message again and again - just like Kimmel. The July symposium event sounds like a bonanza for the cause!

04:48:56 am

Some ideas and thoughts for the call:

After calling Melissa, before you and I talked, I called Eric at Hope for the Heart and confirmed what I thought, that according to our contract, addicts may view keys for free. Only printable or copied version are charged.

I have also been thinking about setting up interviews for you at NRB. If you want, I can help with that. I suggest Salem, Bott, American Family Radio, Eric Metaxas and can look for others. I already asked Eric if June would want to. He also told me he and Haley would like to see you for 10-15 minutes.

I just re-emailed you my church pastor sign up plan from October, which I resent again in November to Sarah for planning. After talking to Melissa today, I can make changes and execute this once you approve.

I have been working on planning two fundraisers with a different strategy than the two that did not work - mainly asking for a minimum \$ amount up front from the sponsors. One in Naples, FL and one in Houston, TX.

I have also been working with Kurt to get him involved with others that he did not know who are working on the election fraud.

I have other ideas too if we have time to discuss.

07:14:16 pm

2021/06/16

Jerry Johnson

I think you were planning to call me again today. I hope I did not miss the call. Please, if you ever try and don't get thru send a short text and I will call back soon. My house is on a mountain and if I am in certain parts the signal can be weak.

After our discussion today I want you to know that I have never avoided a call from you. In fact, I want more time to talk, but have known you are very busy, lately, trying to save the country, for which I am proud of you.

I would like to talk to you about NRB for about 5 minutes, I am concerned you should know more. Tomorrow is fine. Also, would like to talk about the work when you are ready.

04:56:35 am

FUTURE WORK PROPOSAL:

This/next week - draw up plan for LRN churches. I will take plan I sent in October, revise while consulting Melissa and Kern on new website developments. Present it to you right after NRB for approval and changes.

After that, start actively recruiting churches for LRN, including getting pastors' sermons for LRN website.

EVERY WEEK : Update you on work.

EVERY MONTH: Print report for you on numbers of churches and sermons added to measure the work.

I will also join weekly LRN phone meeting with Melissa and Kern.

Others duties as assigned by you.

Would this help you, do you want try this and check our progress in a month?

NRB & LRN Update/Report:

I talked to Eric Scalise today from June Hunt's. He, Haley, and June would like to meet with us as you suggested on Monday at NRB. Needs to be after 1 pm. I suggest 2 pm and will coordinate with Katelyn tomorrow on your schedule then or at another time.

We have booked my NRB flight, arriving late Sunday night. As a courtesy, I texted Troy Miller, President of NRB, to let him know I was coming.

I joined LRN phone conference today with Kern, Franz, Melissa, and Todd today. Melissa is sending you full notes tomorrow on the meeting. But on my project I want you to know we agreed on how to get pastors' sermons sent and also how to get pastors to enter their church in the LRN database. I told them what you said about zip code church sermons and generic sermons when there is no church in zip code. I made list of 23 pastor prospects today and will begin calling tomorrow.

LRN SERMON UPDATE:

I sent 3 sermon recordings to Melissa today:

ONE OF MINE - Melissa has someone editing the beginning and end before it is posted.

TWO OF RICHARD ELLIS -

I listened to both in full, they have much that's good for addicts.

I listened to 3 other sermons today by Pastor Ronnie Rogers, will send one to Melissa tomorrow. I also traded emails with Pastor Hank Kunnaman's staff and they finally have me connected to the guy who can get his sermon to us.

'More sermons and preachers tomorrow.

2021/06/30

Jerry Johnson

Mike, you were on fire tonight on Frank Speech TV after the Generals program (which was powerful!) - I watched it all.

LRN SERMON UPDATE:

Today I had to go back and get separate files for the sermons from yesterday because our team cannot convert YouTube sermon links without a lot of effort. I got both of those in file form and sent them to Melissa. In the future, we must tell pastors and their staff to send the sermons (or upload them) in file form (like Dropbox) - not YouTube links.

LRN SERMON UPDATE:

I sent two new sermons to Melissa today. Ronnie Rogers from Norman, Oklahoma and Mac Brunson from Birmingham, Alabama (linked here, you might want to watch first 10 minutes to see quality of production...I listened to whole sermon...dynamic message on suffering, maybe our best yet). I have another good one coming tomorrow.

Jack Graham agreed at NRB to send an LRN sermon and this is the link. I got it yesterday, listened to it and sent it to Melissa today. I think it is now the best we have, great biblical message, high production value, and about "addiction." It is about 28 minutes, but I think we should cut at 2:22 before the end because he advertises his stuff. I think it should be our top generic sermon for those with no zip code church.

03:23:27 am

I have been working on the LRN site today. I have asked Kern and Melissa to join me for a call at 11 am central tomorrow (Tuesday). They have agreed. I have 4 ideas to problem solve and improve it now. I can run them by you before the call or after. Let me know which you prefer.

09:51:33 pm

2021/07/06

Jerry Johnson

There are 5 improvements To the LRN website I want to propose tomorrow:

1) to the "Hope Match" videos, the first videos addicts see - on a phone, which is how 90% of addicts will view it, there is no indication that there is more than one video on the screen. A simple text message above or below the first "Hope Match" video with an arrow and the message "swipe left for more videos" would fix this. You approved this change a month ago with Kern but it is not showing on my iPhone.

2) your second video, where you say to get a code you need to go to a church in your zip code, this should be taken down until we reshoot your video, saying instead to get your code you need to listen to one of our featured sermons. Until we reshoot the video, the written message we already have there will do, which tells them to get a code they must listen to a sermon. (I can draft the script for your video reshoot of this message).

3) I asked Kern specifically a couple of weeks ago, when you asked me to get pastor's sermons, if there was a format for the sermon files that was required. I was told that any format would work. I have obtained several sermons and on all of them have been told it doesn't work, we need files, not you tube or Vimeo. What is the needed format?

4) given the problem above, I recommend Melissa and I get a few more sermons from prominent preachers like Tony Evans and Jack Graham, and post 6-15 of those in rotation for the sermon to get the code, we should not ask every LRN church and pastor to submit a sermon. If it is too difficult for Melissa and me, it will surely be too cumbersome for pastors to load there own videos.

5) all we should ask the LRN churches to do is register on the sight, agree to the doctrinal statement, and offer the training for them if they do not have Celebrate Recovery or some other addiction recovery support group.

I hope this helps and look forward to your changes and guidance tomorrow. Todd has confirmed that he will join the call at 11 a.m. Central time.

You should be aware of this. I called Texas State House legislator Briscoe Cain today to invite him. He is Chair of the House Elections Committee, strong Christian and conservative, member of Council for National Policy (CNP). He said he was concerned about Dennis Montgomery connection to Symposium and had me speak on phone with another State Representative Steve Toth, also a Christian who said he loves you and has lots of MyPillow at his house. Steve sent me a letter from Mike Zullo to Sheriff Joe Arpaio critical of Dennis Montgomery and Mary Fanning. They wanted me to get on the phone with Mike Zullo. I did. He said Don Jr. got the letter two days ago. Zullo told me you know of his concerns. I do not know what to make of it's claims, but I think the letter may cause some politicians to be hesitant about attending if it is floating around. I just forwarded the letter to you by email, I understand it is a newer version that what was out there before. Let me know if you want to talk about it, or talk to Steve Toth or Mike Zullo. I have their phone numbers.

CYBER SYMPOSIUM

A Data Analysis of the November 2020 Election

August 10-12, 2021

«GreetingLine»

As a respected elected representative of the people of the United States, Mike Lindell is extending an invitation for you to attend the

Cyber Symposium

to see the cyber data from the November 2020 election captured from foreign sources, including China. The symposium will be held at the

ALLIANCE- South Dakota Military Heritage Alliance Center in Sioux Falls, South Dakota on August 10th, 11th, and 12th, 2021.

This will be a high-security event, with all invited attendees and guests cleared by Colorado Security. It will not be open to the public.

There will be presentations by recognized and credentialed cyber experts from throughout the country. These experts will also be available to answer any questions you may have. Cyber packet captures from the November 2020 election will be available for review. Private breakout sessions will be available for you to analyze your state specific data, if you choose. The event program will be held over 3 days to best facilitate your needs and schedule. You may attend part or all of the symposium. It will be interactive in nature, and you will be free to move between rooms and presentations at any time. The main stage area will be livestreamed, but there will also be private breakout and interview rooms. The event program will run between 9am-5pm; with doors open at 8am and closing at 6pm. Complimentary food and beverages will be available throughout the event.

Invited attendees will include Governors, US Senators, Lieutenant Governors, Attorneys General, State Representatives, Secretaries of State, and State Auditors from both parties and all states in the United States; Cyber Experts; and Media Representatives.

Please RSVP as soon as possible to reserve your admittance to:

symposium@frankspeech.com, including the names

of any staff who will accompany you and the

day or dates

you plan to attend. We recommend any cyber expert you bring have; at a minimum, CISSP credentials. Registration is required for admittance. Blocks of rooms have been reserved for the convenience of symposium attendees at several nearby hotels; please coordinate your individual reservations. There will be complimentary shuttle service to the symposium from the nearby Sioux Falls Regional Airport. We look forward to having you join other leaders and experts at this important event.

Best Regards,

The Cyber Symposium Team

One more thing-

A view from outside the Symposium - you have presented some amazing information! I have been interacting with lots of CNP members and other friends about it. For what it's worth, here's some response I am getting. The most popular and powerful take-ways so far seems to be:

- 1) Waldron video you opened with - easy to send and easy to understand. While I have been sending, people are also sending it to me!
- 2) Dr. Frank info makes sense, is compelling, and gaining momentum,
- 3) China packet captures are a powerful concept but first two points seem more clear right now, however packet captures could get clearer tomorrow and beyond.

These are just my impressions of feedback I am getting and sensing, hope it is helpful. 'May God give you supernatural rest and sleep, even if brief, to finish strong tomorrow!

05:40:24 am

Wow! That speech you just gave on cancel culture, the box stores, dominion, and FOX news was dynamite. Praying for you to be protected and finish strong today!

04:30:21 pm

"God Bless America" that final song was powerful, Mike! I believe God heard that song and our prayer. This the beautiful image above I captured at that time on my phone. I watched almost everything today, it was so solid and strong: your rebuke of Larry Johnson, Joe Oltmann's talk, and your final appeal not to live in fear - thanks for everything! I am proud of you and what you have done over the last three days! 'May God grant you His rest and sleep tonight.

Kari Lake came to the symposium and talked to you. She is the leading candidate for Arizona Governor, is having a campaign rally today - they are going to live stream Trump's rally at her rally. This weekend is also her birthday and her staff is gathering brief video birthday greetings to put up on the screen at the rally. They called me and ask if you could do one. You could use your phone and just record yourself saying "Happy Birthday Kari!" and text it to me. If you don't want to do it or can't get to it, it's OK. Yes, talked yesterday with Bob Vanderplaats at The Family Leader, sent him your video, and he is enthusiastic about getting his folks signed up. He is on vacation, put me in touch with his church guy, but they want to delay their start after Labor Day (September 6).

Also talked yesterday to Nathan Lorrick, the leader of Southern Baptists of Texas (2500-3000 churches). Since Vanderplatts is delayed, the Texans should be our "proof of concept" for a large group. Lorrick has your video, is submitting his own sermon, and can start getting his guys signed up sooner. I asked Melissa this morning if Todd, her, and I can get together on call Monday to go through church portal to make sure everything is ready. Then I will get Lorrick to pull the trigger next week. The Council for National Policy (CNP) meets this weekend in Colorado Springs. They have me scheduled for a 3 minute minute report, which I could do to promote Frank Speech/Lindell TV. I am also the leader for the Sunday worship and will promote LRN in that service.

The flight and hotel would run \$2,000 - \$2,500. Additionally, I have delayed asking you to pay the annual membership dues again this year because I know you have been concerned lately with the \$ burn rate.

2 Questions:

- 1) Do you want to pay for this?
- 2) If so, which membership level -
\$15,000 (you paid last 2 years)
\$5,000
\$2,500

The highest the level, the more access I have to meetings with leaders and donors. We could reduce this year if needed.

If you can't do it this year, I understand, and will probably go at my own expense, and pay for a one year basic membership at \$2,500.

Thanks for considering.

2 Questions about Roaring Lambs Award Dinner on October 9 in Dallas:

1) they asked me if you need security - should they get some for you? Are you bringing security with you?

2) they are offering us a free table of 10 guests that we can invite (I can host it and invite donor prospects and influencers if you want). Do you want me to come - do we want to accept the free table and the responsibility to fill it?

In addition, you and Kendra will have seats at the head table.

Here is the draft Newsmax story,
I also sent to you by email.

Title: Mike Lindell Inducted Into Prestigious "Hall of Fame" Over The Weekend

Mike Lindell, CEO and Inventor of MyPillow, was inducted into the Roaring Lambs Hall of Fame over the weekend in Dallas, Texas.

At their October 9th banquet, Roaring Lambs Executive Director Donna Skell said the award celebrates honorees who "use their respective platforms to boldly change the culture by the way they operate their organizations and conduct their daily lives." Lindell joins a distinguished list of previous recipients, including:

Tom Landry (Dallas Cowboy Coach);
S. Truett Cathy (Chic-fil-A Founder);
Louie Gohmert (U.S. Congressman);
Steve and Jackie Green (President of Hobby Lobby);
Pat Summerall (NFL Sportscaster);
Oliver North (U.S. Marine Lieutenant Colonel);
Mary Kay Ash (Mary Kay, Inc.);
Roger Staubach (Dallas Cowboy Quarterback).

The award highlights Christian leaders who courageously bring their faith in Jesus Christ to the marketplace, with the hope that other Christians will follow the example of the award recipients.

At the banquet Lindell told about how he puts a Bible verse in every MyPillow shipment. He also recounted how he was once told by an infomercial film producer to take off his signature cross necklace for filming the commercial. When Lindell made the case for keeping it on, the infomercial team withdrew their request.

Lindell told dinner attendees his personal story of addictions, especially a destructive crack cocaine habit, and how God delivered him from that lifestyle. He explained how he later came to a place of "total surrender" to Jesus Christ.

Echoing themes from his autobiography What Are the Odds?, Mike Lindell described how this story of addiction, recovery, faith, and business success have given him a God-given platform to provide a solution to the addiction epidemic that plagues America.

That platform is a website-based approach, the Lindell Recovery Network (lindellrecoverynetwork.org). The website provides a variety of effective help for

addicts, including thousands of recommended treatment centers and churches that are vetted and biblically based. The website also features "Counseling Keys", which are printed and online materials that deal with the causes and the cure for addiction. Many of those resources were written by the highly-rated Christian counseling author June Hunt, who was also inducted into the Hall of Fame at the same ceremony. Lindell explained that these resources are all on the website, which is 100% free.

While Lindell's Christian testimony was the focus of his award, there was a parallel theme of American patriotism throughout the banquet program. From the Pledge of Allegiance, to the song "God Bless the USA", Lindell's work for the country was obviously on everyone's mind. When Mike mentioned election integrity, there was a rousing response from the audience.

And when Vernon Lewis (United States Major General and previous Roaring Lambs Hall of Fame honoree) introduced the MyPillow inventor, he said "this is the man who is going to save America." The crowd roared with applause, but Lindell immediately pointed upward, signaling that all glory goes to God.

Whether it is saving America from the scourge of addiction, or saving America from election fraud, Mike Lindell is a man on a mission. He is, indeed, a "Roaring Lion." Congrats, Mike!

I totally sympathize with your financial situation and will be ready to talk when we connect.

Some updates: I talked to Vanderplatts Wednesday and he has referred me to his "church guy" at The Family Leader (Greg Baker) to get their churches into LRN - they set up a Zoom call for tomorrow (Monday).

I have also been talking with Melissa and Eric (with June Hunt) this past week about % payment on their books/keys and the revising the old contract we have with them.

I am grateful to work for you and with you. You are a friend, a brother in Christ, and a real patriot for this country. Nothing will change that.

I am ready to continue, but If a change is needed, you could ask Melissa to follow up on these issues and I can pass the baton to her.

I am also open to helping with Frank Speech as needed.

I did talk to my my brother Jay on Thursday and he still wants to buy your stuff when he can - he is trying to get the cash together - he is working on a couple of big deals that could get him there.

Whatever you decide, I trust you completely. Whatever you need - today, next month, or next year, - I want to be available and flexible.

Did Zoom call with Vanderplatts's man Greg Baker, walked him through the LRN website, he has indicated they will give us their list of 2,200 Iowa churches. He wants to do another Zoom call with me Tuesday (Nov 2) to confirm and have his tech guy on as well to talk about the format for getting their church data base to convert to our LRN church list. I will talk to Todd about this.

Family Leader also has 11 other states, and while Greg cannot commit their lists, he said he would do another Zoom call for me with those state leaders to go over the LRN site with them and Greg will say Iowa is doing it and he recommends they do too.

2) Talked to my brother Jay today, he wants to buy your hand sanitizer product but does not have the cash yet, he is working on a couple of big deals that might allow him to do it soon.

3) Ready work with Shawn Smith with Cause of America if you direct me to.

4) Also could help with Movie Guide if you are planning to do something with them. I know them and their ways.

5) And I can help more with next NRB - I also know them and their ways.

2 UPDATES & 2 QUESTIONS:

Update 1 - I am doing several phone meetings a week with Ashe's team. My two projects are A) finding the best Cause of America workers in Texas and getting them organized and B) also identifying what other National groups are doing on election integrity.

Question 1 - Do you want me to attend the Council for National Policy next week? I can talk with three National groups there about what they are doing on election integrity and what you are doing. Cost to attend - room, registration, flight - about \$2,500 - you already paid annual membership fee of \$15K.

Update 2 - through a mutual friend, I just talked to Kiltronx business leader, he has treatment for fabric that kills bedbugs, lice, fleas, mosquitoes in 30 seconds. It is all natural botanics - no chemical. He has 50 products, making and selling 300,000 units a month now. He talked to Christine one year ago, got an email from her 3 weeks ago, but wants to talk to you.

Question 2: Do you want to speak with him by phone or should I just reconnect him to Christine/My Store?

FYI - Also talked to Jay this weekend, he is working on two big deals, if they go through, he plans to buy out your hand sanitizer supply.
